D.O.Letter No.39682/CS1/2019, dated:10.9.24

Dear Sir,

Sub: Registration Department – Digitisation of old volumes –
Introduction of Blockchain Technology - scanned
documents – Working On and Off –Regarding.

Ref: 1. G.O.Ms.No.142 Commercial Taxes and Registration (J2)
Department, dated:18.9.2019.
2. D.O.Letters No.39682/CS1/2019, dated:15.4.24, 19.8.24

The Government have accorded Administrative and Financial sanction to introduce BlockChain for the scanned documents from 1865 to till date in this Department vide reference 1st cited.

Vide reference 2nd cited, it was informed that the BlockChain process is working only ON and OFF. It was requested to ensure the working of BlockChain on daily basis. But, there is a huge lag in applying the BlockChain for the documents being registered on daily basis. During the meeting held at this office on 4-9-24 with the official of TNeGA, it has been informed that the BlockChain Server hardware needs to be strengthened at SDC, Perungudi for smooth functioning of the BlockChain process. It is informed that so far 1,22,32,295 documents have been shared to be added in BlockChain. Out of which so far, only 53,30,722 documents alone were added to BlockChain.

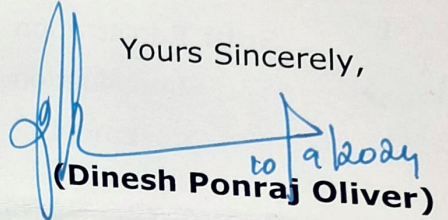

Further, it is informed that this Department has scanned more than 10 Crore legal documents from 1865 to till 30-4-23, legacy documents also to be put under BlockChain. Further, it is informed that this Department is in the process of venturing Project STAR 3.0 – next generation of computerization of this Department. In this tender, it was declared that the

BlockChain backbone will be handled by TNeGA and the vendor has to provide facilitation service alone. So, it is understood that this lies within the scope of the Department/TNeGA.

Hence, it is requested to arrive a plan and strengthen the system to enable BlockChain for all the documents.

Thank you.

Yours Sincerely,

(Dinesh Ponraj Oliver)
